FOREWORD

For the past ten years, the educational statistics in this document have been presented in essentially the same format, allowing users to see individual district educational profiles as well as allowing for comparisons over time.

This is the first year that nonpublic schools have submitted their data directly to the Department of Education, rather than to the local districts as in the past. This was done, in part, to relieve local systems of the paperwork involved in such data collection.

I respectfully submit this One Hundred Thirty-Ninth Annual Financial and Statistical Report for the 1987-88 school year as mandated by Louisiana Revised Statutes 17:22(7).

* The amount in the 1986-87 column took into consideration the MFP Support Program that includes ad-valorem and other local sources which reduces the actual funds distributed. Previous years figures represented total cost of special education. The 1986-87 total estimated cost of Special Education Program was $171,985,691.

** Fiscal year 1987-88 includes an amount of $16,705,620 for Teachers' Retirement. This cost of Special Education has inadvertently been omitted in the state expenditures reported in the annual reports for fiscal years prior to 1988.

[a] Due to changes in the financial data collection format, expenditure totals were regenerated for prior years. Some amounts may have changed from previously published amounts due to edits incorporated after the previous publication dates and due to the current method of reporting related benefits. Beginning with fiscal year 1987-88, related benefits were reported in the function of where the salary expense occurred instead of all being reported in the General Administration function.

[b] In this table, capital outlay has been included in the functions where the expense occurred. Information concerning expenditures excluding capital outlay items can be located in the state and district profiles.

[a] The current expenditure figures reported here have been adjusted for this ten year period to reflect consistency and comparability based on the following definition. Current expenditures for elementary and secondary education include the public allotments for textbooks, library books and reference materials, and school supplies. Not included in current expenditures are expenses for adult education, community college programs, community service programs, non-programmed charges, debt service and capital outlay.

[b] Plaquemines Parish failed to report financial data for 1979-80. Data from 1978-79 were substituted for the missing 1979-80 data in the compilation of the totals for 1979-80.

[c] Union Parish failed to report financial data for 1982-83. Data from 1981-82 were substituted for the missing 1982-83 data in the compilation of the totals for 1982-83.

GENERAL EXPLANATION

GENERAL EXPLANATION

This is the tenth year of the Annual Financial and Statistical Report in which data, gathered from each of the 66 parish/city districts, are located in one place rather than being spread throughout the report. This format aids readers interested in researching detailed information on a particular school district(s). A Louisiana STATE SUMMARY PROFILE precedes the individual district profiles and includes the same data but aggregated to the State level.

Please note that the entry NA, appearing throughout the profiles, refers to data not applicable from that district on that specific item. (Example: Reporting one K-8 nonpublic school, a parish would not be expected to report any nonpublic graduates.)

Please note that the entry NR, appearing throughout the profiles, refers to schools not reporting from that district on that specific item. (Example: Reporting at least one nonpublic school but not reporting any nonpublic graduates and/or registration.)

Also, please note that percentages for several items are computer generated and because of rounding, the sum of the percentages for some of these items may equal 99.9 or 100.1, rather than 100.0.

Footnotes are also found throughout the profiles referenced A through R. Instead of repeating each footnote for every profile, the footnotes are written once in this general explanation and are as follows:

A - Student registration reflects beginning registration for all Louisiana students as of October 1, 1987. Those districts with at least one nonpublic school but having no nonpublic registration data show NR's where applicable. Figures reported do not include pre-kindergarten.

B, E - The Bureau of Research thanks Mr. Larry Goux of the Board of Regents' staff for supplying the projection data on school registration for 1988-92. Please note that there are no projection figures for the districts of Monroe and Bogalusa; these figures are included in the parish figures for Ouachita and Washington.

C - The total public school registration figure in the State and parish profiles for 1987-88 includes no postgraduate students or pre-kindergarten students.

D - The Department depends on the voluntary reporting of nonpublic student registration by the nonpublic schools in the districts. In some cases, nonpublic schools may not report data as requested thus resulting in an undercount of nonpublic students. NRs are shown where districts reported at least one nonpublic school but reported no nonpublic student data.

E - See B above.

F - These totals include special education students but do not include post-graduate or pre-kindergarten students. NRs are shown for nonpublic memberships where districts reported at least one nonpublic school but no nonpublic students.

G - The Department depends on the voluntary reporting of nonpublic school graduates from nonpublic schools in the districts. In some cases, nonpublic schools may not report data thus resulting in an undercount of nonpublic graduates. NRs are shown for districts reporting at least one nonpublic school containing 12th grade but no nonpublic graduates.

H - Other professional/technical personnel include part-time classroom teachers; teacher aides; speech and hearing therapists, other special education therapists; curriculum specialists, resource specialists, instructional specialists; guidance counselors; librarians; media specialists; physicians, nurses, dentists, hygienists, health services personnel; personnel specialists; social workers, psychologists, community service workers; research, evaluation, testing specialists; data processing analysts, programmers, finance and accounting analysts; consultants, engineers,visiting teachers and all others.

I - Support staff includes office/clerical personnel: secretary - School Board, school secretaries, office assistants, bookkeepers, library aides; crafts/trade and laborers: electricians, carpenters, plumbers, janitors, general maintenance; service workers: school lunch managers and workers, mechanics, school bus drivers, school transportation attendants, school crossing patrolmen and all others.

J - The Department depends on the voluntary reporting of nonpublic school data by the nonpublic schools in the districts. In some cases, nonpublic schools may not report data thus resulting in an undercount in the number of nonpublic schools. All nonpublic special education schools are added together and the total does not include vocational or alternative schools.

K - Actual dollar figures are reported by each local school district (Part II-A, Financial Statements, Annual Statistical Report) to the Bureau of Research.

L - The amounts indicated in the bonded indebtedness section are taken directly from the districts' Financial Statements. These statements are not derived from audited figures. Debt service amounts may be indicated as bonded debt in some instances.

M - School transportation cost data was obtained from the Louisiana Department of Education, Bureau of School Finance. Figures for average cost per student were computed by the Department.

N - In Item 18, the districts were ranked in descending order (i.e. from the highest to the lowest) on all categories except one: the ratio of public students to teachers where the ranking was reversed. Percent of graduates going on to institutions of higher learning are ranked 1-65 since Iberia Parish did not report.

O - Current expenditures include only instruction and support services and does not include adult education expenses.

P - Only full-time classroom teachers are counted in computing this ratio.

Q - This percentage is based on the number of public high school graduates from the previous year who went on to public four year institutions, private four year institutions, or junior colleges.

R - This ratio includes principals and assistant principals as part of the administration.
